

Why we should put a crosswalk on Dawson road, NE of Centre Street

BY: ANTHONY ZAMBITO

Dawson Street at Centre Street

- A three way Intersection
- Residential neighbourhood
- Located right in between a Catholic elementary school and a Catholic Parish.

Traffic Concerns

- Cars
- School Children going to and from school Monday to Friday.
 - Are crossing guards
- Mass and church-related events.
- School children crossing the street for religious retreats.

Parking

Church

School

Benefits of a pedestrian crosswalk

- It will give the Orangeville OPP a chance to ticket motorists and generate revenue for our spend-heavy government.
- According to crosswalksafety.ca, in 2006, 42 percent of pedestrian fatalities occurred on roads without proper crosswalks.
- Motor Vehicles are quieter now than ever before, and pedestrians could be distracted (phone, listening to music, etc).
- Incentivize parents to bring their young children to mass.
