

Transportation Master Plan

Notice of Study Completion | Issued: November 3, 2023

About The Study

The County of Dufferin has completed the 2023 Transportation Master Plan (TMP) that incorporates updated population and employment forecasts to guide infrastructure investments, policies, and strategies for a multi-modal transportation network up to the year 2051.

The Process

The TMP followed Phases 1 and 2 of the Municipal Class Environmental Assessment (EA) process for master plans. The recommendations from the TMP were determined and refined through a data-driven process, traffic modelling and public and agency consultation and input. The recommendations help identify the next steps that the County of Dufferin can take to improve how people travel through within and through the County.

The TMP provided recommendations to improve the County's roadways, walking and cycling infrastructure, and transit network.

Notice of Review Period

This notice announces the start of the 30 calendar-day public review period for the TMP in accordance with the requirements of the EA process. The review period will begin on **November 3, 2023**.

The TMP report is available for viewing beginning November 3, 2023 at the County's administrative office:

W. & M. Edelbrock Centre, 30 Centre Street
Orangeville, ON L9W 2X1
Monday to Friday, 8:30am to 4:30pm

or online at <https://www.dufferincounty.ca/services/planning-development>
