“Over half of businesses in Canada reported a revenue decrease compared to August 2019, irrespective of their employment size. However, it was more likely for smaller businesses to report a revenue decrease of 40% or more. ”

- STATISTICS CANADA

“Tens of thousands of small businesses are affected by poorly planned construction projects, losing sales, suffering significant stress and even considering closing.”

- CANADIAN FEDERATION OF INDEPENDENT BUSINESS

In a five year study of small business affected by construction projects the CFIB Found that:

Bearing in mind that this study was conducted before the pandemic which has already caused increased loss and stresses to small businesses.
