5.1 Comments from Bruce Ewald, Chief Building Official - Demolition of Dwelling - 14 William Street

Bruce Ewald, CBO presented to the Committee his observations and professional opinion from his visit to 14 William Street, in which he conducted a thorough inspection.

In his opinion the structure of this building, starting with foundation and to the roof is in very poor condition. A considerable amount of brick has been stuccoed and painted because the clay brick deteriorated badly. Mr. Ewald stated that previous repair work has not been done properly as the wood framing is substandard with significant rot in the floor joists. In his professional view, the dwelling cannot be restored to its original condition.
