87 Broadway
Orangeville, ON

Subject: Property Parcel Designated for the New Fire Hall
Centennial & Commerce Road

The reason I am writing to you is not so much the future use of this property – it is the current use and status of the land before it is developed.

It is home to over 15 Canadian Pine Trees. Granted they are not 7 feet tall, but the average height seems to be 5 feet.

I am asking you to recycle/transplant/liberate/donate the healthy trees before the land is 'scorched & stripped' for the new Fire Hall.

It takes less than a day to destroy the trees, yet it takes years and years for them to grow up. Give them a chance.

Thank you for your time & attention.

Anita Isaac & The Pine Trees
